6 Taking Care of Mental Health and Creating Caring Environment

In the new coming school year, it must be exciting for our students to return to school for face-to-face classes. Meanwhile, they may encounter difficulties in adapting to the new school life and communicating with peers, teachers and parents, causing increased emotional needs.

Thus, our School has been creating a caring environment and taking care of students' mental health in different ways to help our students fully enjoy their school life. We would like to share these two websites:

(1)	"Mental Health @ School" is a newly launched one-stop student mental health information website introduced by the EDB (https://mentalhealth.edb.gov.hk/tc/index.html). It provides diversified information on promoting mental health among students, with quick links to mental health videos, frequently used resources and guidelines on its homepage, etc	
(2)	"Suspending Classes without Suspending Love in the Epidemic" is a series of videos focusing on mental health. By watching these videos, you can easily learn to face and deal with different pressures which may cause emotional reactions. https://youtube.com/playlist?list=PLsNQuY6XoSaDOgUtaiTr_kRjyOODo1J7u	

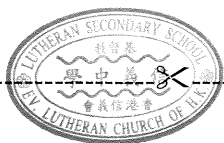

Should you have any enquiries, please contact the Mistress of Counselling Committee, Ms. Tsang.

Please ask your child to submit the reply slip to the class teacher by 23rd September (Wed).

Yours faithfully,

Mr. Liang Kwun Fan
