Dear Parents,

1 **Language Support of S1 and S2 Unified Test/Exam Papers in the Second Term**

To ensure smooth transition to the secondary curriculum, S1 and S2 students were supported with both Chinese and English versions of Unified test/exam papers and learning materials in the first term. The subjects included Mathematics, Integrated Science, Geography, History and Computer Literacy. After careful consideration regarding student ability and needs, the School has decided to provide only one version (either Chinese or English) of Unified test/exam papers pursuant to the designated MOI of each class. In other words, Class A/B students are merely given the English version of Unified test/exam papers while Class C/D/E students are only given the Chinese version of Unified test/exam papers. Teachers, however, still provide all students with both Chinese and English versions of learning materials. Should you have any enquiries, please contact the corresponding Panel Heads or Ms. Chan, the Vice Principal at 27802291.

From 28th February to 7th March, our School received notifications from four staff members, and 40 parents whose children had either a positive or preliminary positive COVID-19 nucleic acid test (through the given Department of Health report or self-report). The respective students did not return to the School during the incubation period and their parents will be contacted by the class teachers shortly.
