2 Health Survey of S4, S5 and S6 Students (Applicable to S4 to S6)

In order to better understand the resilience and health conditions of Hong Kong secondary students, our school has joined a survey project of the JC School of Public Health and Primary Care of the Chinese University of Hong Kong. Funded by the Hong Kong government, this is a large-scale and territory-wide project with the participation of around 30 schools from all 18 districts in Hong Kong. Our school will ask S4, S5 and S6 students to fill out the required questionnaire on 3rd November, 2023. The questionnaire will take approximately 15 minutes.

Participation is voluntary and the survey is completely anonymously. All responses will be kept confidential and can only be assessed by research staff from the Chinese University of Hong Kong for analysis. All data will be destroyed three years after the completion of the research. This survey will significantly benefit the promotion of student health and is fully supported by our school. We sincerely hope that you will agree to your child's participation in this 'Secondary Student Health Survey'. If parents do not agree to your child's participation in the questionnaire, please reply in written form to Ms. Tsang, the Mistress of the Counseling Committee.

Should you have any enquiries, please contact Ms. Tsang, the Mistress of the Counseling Committee.
