Dear Parent / Guardian,

1 Updated Arrangements of Anti-epidemic Measures for Class Resumption

The Education Bureau (EDB) has announced the updated arrangements of anti-epidemic measures. Essential messages are as follows (updated items shown in ***bold italic***):

1.1 In class

1.1.1 ***Regarding participation in activities that take place in the second half of a school day or the whole school day; students must have received two doses of Covid-19 vaccines for more than 14 days, in order to have meals before these activities.***

1.2 Undergoing Rapid Antigen Test and Recording Body Temperature on a Daily Basis

1.2.1 Before returning to school every day, students must have performed the rapid antigen test (RAT), have checked body temperature, and have taken a photograph of the test result. They must bring the "Record Sheet for Body Temperature and Rapid Antigen Test" signed by the parents/guardians to the School. Students may be asked to present the photograph of the test result. The RAT and checking of body temperature must be done in the morning every day. Only students obtaining negative test results are allowed to return to school for lessons. Students who have tested positive must not return to school. They should inform the School of the positive result as soon as possible and stay at home. They must also report their RAT positive results within 24 hours via "Declaration system for individuals tested positive for COVID-19 using rapid antigen test" (<https://www.chp.gov.hk/ratp/>) under the CHP.

1.2.2 Parents/guardians, please ensure your children have completed the RAT every day before returning to school and that they bring the "Record Sheet for Body Temperature and Rapid Antigen Test" (see attachment 1) - signed by you - to school. The School will check the body temperature of each student before entering school buildings to identify those students who are experiencing a fever.

1.2.3 ***If your child has tested positive, they should not return to the School and his/her case should be reported to the School immediately. Additionally, any siblings residing in the same household should not return to school either. The siblings' schools should also be informed of the situation. The CHP advises that, for hygiene's sake, your child should not bring their used RAT devices to the School.***

1.2.4 This is also the case if their RAT has not been completed, they have not brought their "Record Sheet for Body Temperature and Rapid Antigen Test", or the sheet has not been signed by their parents. The School will inform the parents concerned and arrange for students to go home as soon as possible. This situation will be recorded, and follow-up work will be carried out.

1.2.5 When returning to school, students who conduct the RAT with the kit(s) provided by the School are required to pay for the kit(s).

1.2.6 ***When choosing RAT kits, you may refer to the following lists:*** <https://www.coronavirus.gov.hk/rat/chi/rat.html>

1.3 Home-School Collaboration

1.3.1 Parents please remind your children to bring tissue paper and face masks to school, take their body temperature and undertake a RAT before they go to school every day, and to fill in the information as required. You are requested to provide information on their health condition, including history of illness during the class suspension period. You may also be asked to confirm if your children have taken their body temperature and have undertaken a RAT before they go to school (in accordance with the EDB's requirements).

- 1.3.2 Please be vigilant regarding your children's health conditions. If your children have fever, respiratory symptoms or a sudden loss of taste or smell, etc., they should seek medical advice immediately and should not go to school. If your children are confirmed with COVID-19, you should inform the School immediately. If the children are defined as close contacts of confirmed cases, they should be put under quarantine / isolation / take COVID-19 tests as instructed by CHP, and should not return to schools - and must inform the schools immediately. If your children are defined as "Persons Subject to Compulsory Testing", they must undergo virus testing during the specified period as instructed by CHP, and obtain a negative test result before returning to schools. While awaiting the results, your children should undertake RAT. If the RAT result is negative, they can return to schools for study (including on the day of testing). For further information on "Compulsory Testing for Certain Persons", please visit the following website: <https://www.coronavirus.gov.hk/eng/compulsory-testing.html>
- 1.3.3 The School seriously advises parents not to allow (as far as possible) your children to go to crowded places. If they have been away from Hong Kong in overseas countries/regions, they should report to schools the time and places of their trips, and strictly follow the quarantine / isolation instructions of the Department of Health. Our School is paying particular attention to the health conditions of these students.

1.4 Vaccination

- 1.4.1 Vaccination is the most effective safeguard measure against COVID-19 and can reduce the risk of severe cases and fatalities. Students and parents should actively seek vaccination. The website of the COVID-19 Vaccination Programme facilitates students and parents to obtain the latest vaccination information. The relevant link is: <https://www.covidvaccine.gov.hk/zh-HK/>
- 1.4.2 ***The School will properly register and maintain the records in terms of students' diagnosis and vaccinations. If students have relevant documents, (including "vaccination medical exemption certificate" and "quarantine orders after diagnosis") please submit the copies to the School as soon as possible after the resumption of classes.***

8 **LSS Goodwill Campaign “Sharing Resources, Sharing Love”**

Under the ever-changing conditions of the pandemic, the School has made the best use of the masks and RAT kits generously donated by the EDB and alumnus, Mr. Ngan Chan Chun. Their donations helped ease the financial burden on parents. A sufficient number of RAT kits will be provided for students in need. **S1 to S5 students in need (see remarks)** can collect these resources after school **on Tuesdays** in June (7/6, 14/6, 21/6 and 28/6). The EDB will provide 25 RAT kits and two boxes of adult masks to students from low-income backgrounds under the Comprehensive Social Security Assistance (CSSA) Scheme or School Textbook Assistance Scheme (full/half grant). These resources will be distributed to the students concerned later.

Remarks:

If a student has recovered from COVID-19 with the submission of relevant government-issued certificates to the School (for example: quarantine order, vaccination medical exemption certificate or QR code of recovery record, etc.), he/she does not need to undergo the RAT within three months from the date of recovery (This excludes students who display symptoms) and therefore it is unnecessary for him/her to collect RAT kits for the next week in the hall.

The School again extends its thanks to the EDB, the alumnus and the support agencies for their kindness to our students. They exemplify the spirit of caring during the pandemic. Should you have any enquiries, please contact Mr. Ng, the Vice Principal or Ms. Liu.

9 **Dates of HKDSE 2023 and Release of Results**

According to the notice issued by the Hong Kong Examination and Assessment Authority, HKDSE 2023 will start from 21st April, 2023. For details, please refer to Attachment 3. Should you have any enquiries, please contact Ms. Chan, the Vice Principal.
